

WAmex Saving Lives

Every year Australian Industry Exhibitions chooses a charity fund to which patrons at all events can generously donate to and assist in the funds functions and needs. This year we are proud to announce that **Surf Life Saving WA** will be our official charity with all donations going directly towards funding vital emergency services offered each year.

Whilst entry into the events are free, we do have donation boxes that will be located at registration desks upon entry, and we ask that everyone gets behind this worthy cause and donates a gold coin to those who keep our lives and our family's lives safe at our beaches.

Some extra Info...

Surf Life savers have been protecting beach goes for over 100 years and without the support and generosity from communities and organisations, they would not be able to sufficiently operate. There are currently 1800 active lifesavers patrolling the beaches all of which volunteer their time and effort to ensure beachgoers are safe. Surf Life Saving WA is all about 'Saving Lives and building greater communities' and corporate support now more than ever is vital to maintain this. For more information visit www.mybeach.com.au
